

## St Albert Cultivates the Arts Block Party Crafts - 2023

St Albert Cultivates the Arts Society provides free access to a variety of cultural and artistic events during Alberta's celebration of Culture Days, supporting local artists as they share their passion within the community.

We are happy to partner with the City of St Albert Block Party program once again. In keeping with the Block Party program encouraging more Play Streets this year, we are happy to support an activity that encourages play or neighbourhood exploration - Chalk art-walk.

Art Walk is an organized, display of art in public places. As your family and friends stroll through your neighborhood, they can enjoy all your artistic chalk art endeavors on display. We are happy to provide, a variety of chalk, stencils and some sample ideas to help you express your creative side and develop your own neighbourhood chalk art walk.

Enjoy!
